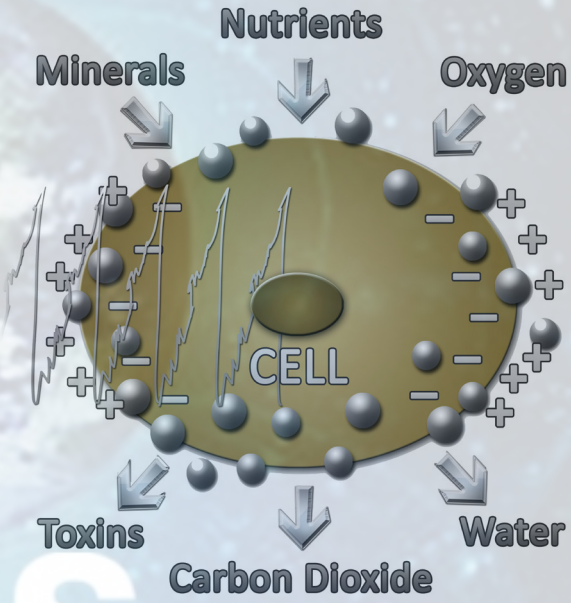
Introduction

iMRS PEMF - A Whole Body Battery Recharger

The natural earth based pulsed magnetic fields (PEMFs) from the iMRS helps to recharge, heal and regenerate the body in many ways. PEMF has been proven to enhance circulation, oxygenation, nutrient absorption, ATP production and detoxification all the way to the cellular level. Simply PEMF helps to get the "good stuff" into your cells so that energy can be created, then PEMF helps to remove toxins and waste products from the cells.



By delivering all the essential nutrients to the cells and recharging the cellular battery, the iMRS assists the body in healing itself of almost any condition. But to be clear, it is the body that heals itself, the iMRS just gives the body the energy needed to energize, heal and recharge your 100 trillion cells and in the process helps to alleviate pain, heal the body, help with better sleep and much more. Check out page 8 for a sample of the 250+ protocols the new iMRS Prime iGUIDE system has.

The Two-Fold Problem

Since the earth has natural PEMFs and a magnetic field why do we need the iMRS Prime?

While we can always go outside and lay on the earth to get these energies from the earth, over the past 500 years the earth's magnetic field has declined by over 50%. Many theorize that we are in the process of a pole reversal over the next couple thousand years. On top of that people spend too much time indoors and insulated from the earth's Natural fields.

Perhaps even a bigger problem is that we also get too much of the unhealthy PEMFs or what is called electro-smog or dirty electricity. We get this from power lines, computers, cell phones, digital clocks, microwaves, T.V.'s, WiFi, blue-tooth, hair dryers, etc. These unhealthy energies block the natural frequencies from the earth that are vital for life along with disrupting cellular metabolism.

"If you want to find the secrets of the universe, think in terms of energy, frequency and vibration."

-Nikola Tesla

The iMRS– The "NATURAL" Solution

The iMRS is the only PEMF device that actually duplicates Nature both in intensity and frequency. It does this with a saw-tooth waveform which delivers bunches of the frequencies from 0-30Hz simultaneously which helps to recharge all your different tissues and cells. In eight minutes twice per day all the bodies trillions of cells will be fully recharged and oxygenated. With a total of just sixteen minutes per day, the iMRS Prime full-body mat gives the human body the energetic equivalent of walking barefoot in nature for 2-4 hours!

The pillow pad and probe use the NASA proven square wave that has been proven by NASA to be the most effective signal for pain relief, healing, regeneration and recovery from injury.

Additionally the iMRS is the only device that utilizes a biorhythm clock to ensure the body receives energizing frequencies in the early part of the day, and relaxing frequencies in the evening.

"Electromagnetic Energy us the Elemental energy on which all life and organisms depend on."

-Heisenburg

iMRS PRIME CONTROL UNIT

- Housing and pedestal in brushed aluminum, ROHS/REACH/IP20
- 10.2“ capacitive touch screen LCD-Display
- 2 earphone jacks (3.5).
- 2 USB jacks
- One-Cord connection (20-pin) to Conectorbox
- LED-Power indication
- 2 built-in speaker
- NFC sensor.

Applicators

The “Exagon-Series” is the newest generation of iMRS prime applicators. Every PEMF applicator serves as the conductor of the exposed signals to the receiver and is therefore the most important component. The brand new Exagon applicator family unifies all vital properties of PEMF in one solution.

Applicator Special Features Include:

- Biocompatible material!
- The entire construction is designed to last for years – even with multiple, daily applications!
- The honeycomb structure of the fabric surface is breathable and prevent sweating, contamination and is easy to clean!
- The built-in copper coils are rock-solid and non-insulated to create the highest physical efficiency of the applied electromagnetic signal structure!
- The newly designed and engineered “Optical Function Control OFC” guarantees constant monitoring of the functionality of each applicator and indicates malfunctioning with a red LED! It even displays the preprogrammed pole shifts with different colors (Blue and Green) during an application!
- Every Exagon applicator has built-in intelligence in order to ensure bilateral communication with the main processor of the iMRS prime control panel!

EXAGON MAT
THE FULL BODY APPLICATOR

- 6 built-in, rock-solid copper coils, divided in three pairs with different amount of windings to control the applied field intensity over the entire surface
- Triple Sawtooth Waveform for highest efficiency of low-pulsed - PEMF
- Foldable in 3 segments
- Built-In Operating Function Control
- Medical-Grade Klick-Plug

EXAGON PAD
THE LOCAL BODY APPLICATOR

- 2 built-in, rock-solid copper coils to evenly control the applied field intensity over the entire surface
- Square Wave for highest efficiency of locally applied PEMF
- Built-In Operating Function Control
- Medical-Grade Klick-Plug

- Albert Einstein

CONNECTOR BOX

- Designed as the gateway between the iMRS prime control unit and the applicators/accessories
- Built-in microprocessor with multidirectional signaling
- 6 applicator jacks
- 2 Sensor jacks
- 2 USB jacks
- 2 integrated D/A-Converter allowing for two separate, individual applications with only 1 control unit
- Brushed aluminum housing for effective heat dissipation, ROHS/ REACH/IP20
- 2 built-in speaker
- NFC sensor

EXAGON SPOT
THE PUNCTUAL APPLICATOR

- Newly designed and flexible applicator for punctual usage and utilizing the so-called “Helmholtz-Effect”
- 1 built-in, rock-solid copper coil in each segment (2 in total) to flexibly control the applied field intensity over the particular surface
- Square Wave for highest efficiency of locally applied PEMF with Helmholtz-Effect
- Built-In Operating Function Control
- Medical-Grade Klick-Plug.

-Richard P. Feynman

EXAGON BRAIN

- Newly designed Goggles with 12 built-in LED`s on each side. Housing is completely darkened for optimal performance
shaped for a pleasant experience
- Photic, chromatic and audible BrainWave Entrainment combined in one single system
- Elastic band for easy adjustment
- USB–Plug.

EXAGON SENSE

- Bifunctional photoplethysmografy sensor, medical-grade
- Designed to detect blood volume changes in the microvascular bed of tissue
- SpO2 and HRV evaluation
- Dynamic intensity adjustment during a PEMF application
- Medical-Grade Klick-Plug.

iMRS Prime Packages

BASIC iMRS Prime System

Article ID: **80 001** Price USD: **4827.00** / Canada: **6277.00**

Comparable to the previous iMRS Wellfit.

iMRS Prime basic contains the full body mat (Exagon Mat), pillow (Exagon Pad), and the iMRS Prime control unit.

The Prime Basic includes the Prime Connector-box and 20-PIN Prime connector Cable. All the components of the Prime Basic comes with all the systems.

New full body mat called Exagon Mat. New Pillow pad called Exagon Pad.

Something new NOT found on the outgoing Wellfit is the higher intensity level 400 AND 1-60 minute programmability (something Wellfit did not have).

Also New is the IMRS Prime quick starts which come on every unit.

Includes:

- Prime Control Unit
  (Connectorbox 20-Pin Cable)
- Exagon Mat
- High Intensity Level
- 1-60 Minute Timer
- 7 Fast Start Programs

7 FAST START PROGRAMS

- Activation
- Relaxation
- Performance
- Regeneration
- Balance
- Sleep
- Soleggio Scale 9

iMRS 2000.COM BASIC

ADVANCED iMRS Prime System

Article ID: **80 002** Price USD: **5687.00** / Canada: **7395.00**

Comparable to the old iMRS Complete

The Prime Advanced has Everything the Prime Basic Contains PLUS a extra addition of the Exagon Spot. (Exagon Spot replaced iMRS probe).
The tremendous advantage of the Exagon Spot is that it uses Helmholtz coil configuration for uniform field from one side to the other!

Includes:

- Prime Control Unit
  (Connectorbox 20-Pin Cable)
- Exagon Mat
- High Intensity Level
- 1-60 Minute Timer
- 7 Fast Start Programs
- Exagon Spot
  (Helmholtz Coil Configuration)

iMRS 2000.COM ADVANCED

EXPERT iMRS Prime System

Article ID: **80 003** Price USD: **6762.00** / Canada: **8792.00**

Comparable to the previous iMRS Professional.

The Prime Expert Contains everything in the Prime Basic & Advanced PLUS it includes TWO NEW features.

First it contains a new and Improved iGUIDE which has now MORE protocols than before!

AND second the iMRS Prime Expert has a New Split Mode which Allows for 2 applicators to be used at once! Something old system could NOT do!

Includes:

- Prime Control Unit
  (Connectorbox 20-Pin Cable)
- Exagon Mat
- High Intensity Level
- 1-60 Minute Timer
- 7 Fast Start Programs
- Exagon Spot
  (Helmholtz Coil Configuration)
- iGUIDE Software Tool
  (Including over 300 Protocols)
- Split Function
  (Allowing for simultaneous use of 2 applicators)

HYBRID iMRS Prime System

Article ID: **80 004** Price USD: **7837.00** / Canada: **10190.00**

There is nothing comparable with the previous iMRS as it did not have an infrared feature, but the new iMRS Prime Does!

The new Far Infrared + PEMF mat is called the Exagon FIR Mat which comes with Software upgrade tool - Hybrid Mode. Hybrid mode means you'll get BOTH PEMF and Infrared all at once in the same Mat!!

This is the most anticipated and exciting additions to the new iMRS Prime!
The warmth and relaxation you'll feel is incomparable!

Using high tech Carbon fiber (not cheap silicon wire) which emits research proven wavelengths for improved circulation, detox, relaxation, pain relief and wonderful anti-inflammatory benefits!

Includes:

- Prime Control Unit (w/ Connectorbox & Cable)
- Exagon Applicator FIR (Far Infrared). PEMF and Far Infrared Combined in One Mat! (Note: iMRS Prime Hybrid Only Comes with ONE full body mat which combines FIR and PEMF)
- Exagon Pad
- Exagon Spot w/ Helmholtz Coil Configuration
- High Intensity and 1-60 minute Timer
- Fast Start Programs
- New iGUIDE with over 300 Protocols
- New Split Mode that Allows User to use two applicators at once.
- Hybrid Mode Software Upgrade

TRIAL iMRS Prime System

Article ID: **80 005** Price USD: **9234.00** / Canada: **12007.00**

The New Trial Version is for scientists, practitioners and researchers who want to duplicate PEMF signals for in specific scientific studies OR conduct research on their OWN unique PEMF signal.

The Trial Version has a built in frequency generator that allows the researcher or user to enter in ANY frequency (carrier/repetition rate, etc), intensity, waveform, etc. Also Unique to the trial version is a higher intensity up to 1000 uT (10 Gauss or 1 mT).

Limited in the USA to 299 uT (3 Gauss) until FDA approval.

Includes:

- For Scientists, Practitioners, and Researchers
  Duplicate PEMF signals for scientific studies and research using specific, unique PEMF signals.
- Built-in Frequency Generator
  Allows user to enter in any frequency (carrier/repetition rate, etc), intensity, waveform, etc. Up to 10 Gauss.
